

To whom it may concern,
I'm writing to inquire about the Software Engineer opening.

I offer years of experience managing projects, and great adaptability. I decided a few months ago to pursue my childhood passion of programming, and just graduated a 700h bootcamp.

At the top of my resume you can find my skills, my biggest project so far, and my github repository.

I'd welcome the opportunity to speak with you if you feel I'd be a strong candidate for this or any position in your organization.

Thanks for the opportunity,
Camilo
